SUBJECT: FOOD SPECIFICATIONS

The Montana State Prison (MSP) Food Factory has been licensed by the Montana Department of Livestock to provide finished food products to other Institutions. **Effective July 1, 2003** The Montana Department of Livestock has mandated the MSP Food Factory comply with labeling procedures requiring complete disclosure on approved labels of all ingredients in order of predominance contained with-in a product. Therefore, you will notice a change in the accompanying Bid Specifications for the Fourth Quarter of Fiscal Year 2003, in that all items contained in this Bid Specification listing stipulate the specific ingredients in the specific order, which are acceptable for the identified products. This letter serves as notification that effective **July 1, 2003** the MSP Warehouse will no longer accept items unless it conforms exactly to the bid specifications as written. No deviation from the ingredients listed for each item will be allowed. The items will be refused and returned. The MSP Warehouse will no longer be able to store the refused items until they can be picked-up.

Bids for all items must contain a specific brand name. All acceptable items must have a label containing the exact specifications called for in the bid booklet and be referred to by brand name and code number. New brands can be submitted for approval, but first, a sample must be submitted. If the product meets the specification in our bid booklet, the product will appear by brand and code number on the next quarterly bid.

NO DEVIATION FROM THE INGREDIENTS LISTED FOR EACH ITEM WILL BE ALLOWED.
